4 August 2008

Dear *David*

The 2008 Centenary Rocks festival is over and it was because of your generous support and participation that it was such a fabulous success. The weather was kind, the stalls all looked great, delicious food and refreshments, and the RAAF balloon was well received. Not to mention the terrific stage entertainment, car show, workshops, fire show and fireworks, together the weekend was the best ever.

Once again on behalf of the festival team I sincerely thank you for your support and look forward to the 2009 Centenary Rocks festival.

Kind regards

Belinda

PS Please accept my apologies for the lateness of this letter, in the flurry of work commitments in the sugar industry and the lead up to Christmas and the Santa Sleigh I misplaced the certificates after having them printed. Although late the expression of thanks it is no less appreciated, I sincerely thank you.

It is with great pleasure that I advise you that the Centenary Rocks Festival has won the Lord Mayor's 2009 Australia Day 'Community Event of the Year' award.
