Brisbane's leading independent hotel, The Point, is now one of the city's largest hotels following a \$25m redevelopment and expansion.

Located at Kangaroo Point and managed by Best Management Group, the hotel has been re-designed to meet the needs of business travellers, and now has 201 hotel rooms and suites, as well as meeting and event facilities with stunning Brisbane skyline views.

The Point's close locale to the CBD, Fortitude Valley, South Bank Parklands and The Gabba stadium also provides sensational inner-city views, including the iconic Story Bridge and Brisbane River, East Brisbane and beyond.

“Our multi-dimensional approach to the expansion embraces technology, excellent dining and lounge facilities, functionality, and comfort,” operator David Catterall said. “At the end of the day, we know our customers appreciate a delicious meal and a drink or two before returning to a comfortable room, and the redevelopment offers all this and more. It’s exactly why The Point is the first choice for our repeat clients, and we welcome the opportunity to showcase our rooms, facilities and services to new business travellers to Brisbane.”
