## **2000 NEWSPAPERS AND MAGAZINES FREE FOR THE POINT GUESTS**

The days of peering down a hotel corridor, towel wrapped around your waist and wondering who stole your morning newspaper are gone for guests at The Point.

The 4.5 star Kangaroo Point property has installed Press Reader, an internet app that provides guests with free access to 2000 full content newspapers and magazines from over 100 countries using their tablet or Smartphone.

The Point's operator, David Catterall, said the environmentally friendly initiative, available to all guests, involved three simple steps - connect to the hotel's wireless network, download the press reader app and pick your title.

"Then all that remains to do is settle back and enjoy reading in the comfort of The Point, either in your room or in the hotel's public areas," he said.

Located at Kangaroo Point and managed by Best Management Group, The Point was recently re-designed to meet the needs of business travellers and now boasts 201 accommodation rooms and suites, as well as meeting and event facilities.

"Our multi-dimensional approach to the expansion embraces technology, excellent dining and lounge facilities, functionality, and comfort," Catterall said.

The Point is located close to the CBD, Fortitude Valley and South Bank Parklands and enjoys inner-city views of the iconic Story Bridge and the Brisbane River.

The Deluxe standard, full service property offers 24 hour guest services and room service, a gymnasium, outdoor pool and complimentary, secure car parking.
